## **Preparation**

- Choose a readable, sufficiently large font for the text ( minimum 60 points for title, 24 points in the text)
- Illustrations should be clearly visible from a distance and less detailed than those used for screen presentations. Using color may clarify an image, but be sure that the background and font color are compatible for easy reading
- The poster must be fully prepared when you arrive at the congress
- Handouts may be used
- Do not mount your work on a very heavy cardboard, as this may be too difficult to fix on the wall board. Only adhesives can be used to mount your poster. Adhesives will be available in the poster exhibition area
- Poster numbers will be displayed at the top of the relevant poster board. Staff will be available to assist.
- **The poster must be fully prepared when you arrive at the congress**
